

Montgomery County Cross Country Championship Meet

Record Book

Presented by moco-running.com

2026

Dear Reader,

Thank you for downloading this record book. I have long admired the detailed state meet programs and state record books published by the MPSSAA. I desired similar record books for the Montgomery County Championship Meets, but no such books existed. Furthermore, detailed meet results were all but lost to newspaper archives. To me, this was not acceptable in the digital world in which we live today.

I sought out results for every county championship meet for cross country, indoor track, and outdoor track. This involved many hours at a microfilm machine and digging through old boxes of files belonging to coaches who hang on to such things. Many more hours were spent organizing the collected data so that the results are now available online and sorted several ways in this record book. After sifting through the data found in these pages, I know that you will agree that the effort was well worth it.

Mocorunning.com has been a source of cross country and track & field news, results, statistics, analysis, and photographs for Montgomery County since 2006. Mocorunning.com is not affiliated with MCPS, but it is owned and operated by a proud product of Gaithersburg High School. I hope that you enjoy reading this book as much as I enjoyed creating it.

Montgomery County Cross Country Championship Meet Venues

1977-1984	- Lake Needwood
1985-1988	- Calverton-Fairland Park
1989-1993	- Watkins Mill High School
1994	- Poolesville Polo Grounds
1995-1997	- Watkins Mill High School
1998-1999	- James H. Blake High School
2000-2001	- Gaithersburg High School
2002	- John Poole Middle School
2003-2010	- Gaithersburg High School
2011-2019	- Gaithersburg High School – Bohrer Park Course
2020	- Canceled due to COVID-19 pandemic
2021-2026	- Gaithersburg High School – Bohrer Park Course

Montgomery County Cross Country Championship Meet History

What is a county championship meet? From the mid-1980's and thereafter, the answer is obvious: it is the meet where every public school team in the county competes for bragging rights to secure a county ranking for the year, or better yet: a county championship title. Presently, the county championship is a meet that coaches and athletes circle on their calendars every year. It is a celebration of the best young runners in our community, regardless of school size or classification.

That definition of a county championship was not the definition known to coaches and athletes prior to the mid-70's. Prior to 1977, the term "county meet" referred to the collection of district meets. The district meets were the qualifying races for the state championship meet. The districts were divided into classifications: "AA" (largest), "A", "B", and "C" (smallest). Sometimes, the smaller classifications were combined into "BC" or "ABC" races. These district meets usually consisted of only Montgomery County schools and therefore the combination of district races was also referred to as the county championship meet. Multiple county champions were named each year - one for each classification. Those county champions prior to 1977 were more akin to today's regional champions.

The present day notion of a "classless" county championship meet was in a sense born out of the evolution of women in running. Dottie Rowe from Gaithersburg High School was the first female high school runner in Montgomery County. In 1971, Rowe petitioned to run on the boys cross country team at her school. After initially being denied, that ruling was overturned, and she ran with the boys team for the season. That paved the way for girls cross country in Montgomery County. (Williams, 1977)

By 1973, there were enough female runners in Montgomery County that some schools could field complete girls teams with five or more girls. These teams could compete in dual meets and invitationals, but cross country was not yet an official sport sanctioned by the MPSSAA for girls. Because there were no state championship races for girls, there were also no district meets for girls and the season might have ended abruptly after the last scheduled invitational meet. Instead of allowing this to happen, B-CC High School head coach Kerry Ward organized the first county championship meet for girls, a 2.3 mile hilly run at Lake Needwood. The inaugural race was completed by 37 girls. B-CC won that first team title behind individual champion Gale Morse (13:46). Whitman (2nd), Gaithersburg (3rd), and Springbrook (4th) were the other complete teams. Some of the participants nicknamed the meet the "Ms. Cross Country Championship" as an effort to draw attention to girls running cross country. (Boss, 1973)

Under leadership of Coach Greg Dunston, Woodward High School took over ownership of the girls county championship meet in 1974 before finally in 1975 cross country became an officially sanctioned sport for girls in Maryland. Due to low statewide participation, there would be only one state championship race for girls with all classifications combined into one (as opposed to four boys' classifications). The girls then had a state-qualifying district race just like the boys, and because all classifications were combined into one, the district race for girls was exactly the same as the previous two county championship meets for girls.

In 1976, the state and district levels divided girls into two classifications based on school size, "AA" and "ABC." This ended the "classless" county championship race in Montgomery County, but one coach kept the idea alive. Coach Allan Bellman of Kennedy High School pushed for a true county championship meet, and his idea was realized with all teams combined into a single race in a new county championship meet format in 1977.

The new championship meet was met with resistance from coaches who believed that it served no purpose and added one too many meets into the season schedule. Some coaches initially viewed the meet as a burden because it was scheduled so closely to the truly important state-qualifying meets. Many county teams opted not to attend the

first several county championship meets, or they simply sent their junior varsity squads. By 1981, the Montgomery Journal described the county meet attendance as "dismal." (Niewiaroski, 1981, Oct. 30)

In 1981, attendance at the county championship meet became mandatory, but some teams still sent their JV squads (Niewiaroski, 1981, Nov. 2). Bellman continued to champion the meet despite the resistance. In 1985, he moved the meet to Calverton-Fairland Park closer to his school (Kennedy HS) and when he took the coaching job at newly-opened Watkins Mill High School and later Blake High School, the meet followed him there, too.

Maybe some coaches' arms had to be twisted, or maybe the meet simply gained traction due to the awards, the media recognition, the bragging rights or simply the spirit of the competition. By the mid-1980's, the county championship meet was an annual tradition. County crowns became coveted prizes for the elite athletes and teams.

As Bellman prepared to step away from coaching, Herb Tolbert of Gaithersburg High School picked up the reins and hosted the county championship meet at Gaithersburg High School almost every year from 2000 to present. The course initially utilized the Gaithersburg High School campus and Bohrer Park, but in 2011, the meet moved entirely to Bohrer Park due to construction on the Gaithersburg High School campus.

For the purposes of this book, the first Montgomery County Championship Meet with boys and girls was in 1977.

Historical Throwback: 1986, 1996, 2006, 2016, 2025

1986 – Tjeerd Broekman of B-CC became the first sophomore boy to win the Montgomery County title. To this day, the only other sophomore boys to win the county title were Jarrett Van Tine of B-CC in 1997 and Dimitrios Rementelas of Sherwood in 2025. Broekman finished 20 seconds ahead of second place in 15:57 in what the Montgomery Journal described as “a race for second.” He unfortunately was not healthy enough to win another county cross country title in subsequent years.

Almost as dominant, the girls defending county champion, Virginia Mattingly of Whitman, won by 10 seconds in 16:06 over the 2.5 mile course. Mattingly was quoted in the Montgomery Journal saying that it was a bad day, but noted that she was learning the mental aspect of racing: “Last year at the state I wasn’t ready. This year I already see what it’s like and it forces me to concentrate a lot harder. It makes me work harder when I have bad days like this.” Mattingly went on to win the individual state title that season.

Whitman swept boys and girls team county titles with ease.

~~~

**1996** – Amidst an era of Whitman dominance, Whitman’s 1996 boys team won the county championship by 97 points which was the largest team points margin of victory in county championship meet history. They did so without their typical number two runner, Justin Palmer. Whitman had aspirations of being nationally ranked, but they were later defeated by Westminster at the state meet.

On the flip side, Quince Orchard’s girls defeated Walter Johnson 76 to 78 in one of the tightest team battles in meet history. QO coach Jerry Link fired shots at fifth place Whitman in the Montgomery Journal, saying, “We weren’t surprised by the victory...Whitman got all the press all year because of their training method. They didn’t do anything. It’s our training method that made the difference.”

First year runner Martha Nelson of B-CC made up a 100-yard difference in the final mile to outkick Watkins Mill’s Sarah Wassner in 19:52, according to the Montgomery Journal. Whitman’s Ed Tufaro was unchallenged in his 25 second victory. Nelson and Tufaro went on to win individual state titles that season.

~~~

2006 – Quince Orchard’s boys had momentum going in, but Whitman’s boys gave them all they can handle at the 2006 county meet. It was an eight point victory for QO, 65 to 73. Quince Orchard’s boys won the 4A West region and 4A state titles with far less drama later that year. Northwest’s girls won their fourth consecutive county title, 80 to 103 over Quince Orchard.

Juniors Chris Moen of Walter Johnson and Morgane Gay of Whitman won individual titles. Gay was the more surprising winner of the two as she was on a steep rise to prominence at the time and she needed to take down Blair High School’s Halsey Sinclair who was in pursuit of a fourth consecutive XC county title. Moen denied a strong class of seniors the chance to go out as county champions including Sherwood’s Chris Barnard who had lost the county title by one second the previous fall.

~~~

**2016** – Walter Johnson's Abigail Green smashed her own course record by 18 seconds in 17:46.7 on a reportedly gusty wind day. Green had ascended to new heights in 2016 and went undefeated against Montgomery County runners on her way to a 21<sup>st</sup> place finish at Footlocker Nationals that year. In 89<sup>th</sup> place at the 2016 county meet, a freshman Jenna Goldberg would inconceivably break Green's course record just three years later. Walter Johnson's girls won their third consecutive county title in 2016.

Richard Montgomery's Rohann Asfaw told MocoRunning that he too was aiming for the course record. The 15:25 course record seemed within reach and Asfaw finished 20 seconds ahead of the second place runner, Ryan Lockett of Poolesville, but the record was not meant to be. Asfaw completed the race in 15:33.7 by leading from the beginning and breaking away from B-CC's Nakasaka in the third mile.

The Northwest boys won the team title for the first time in fourteen years. The Jaguar boys became the first MCPS team to win the county title without an individual finisher in the top ten. Their twenty second top-5 spread was the tightest spread by a winning boys team at the county meet since at least 1987 – insufficient data is available prior to that.

~~~

2025 – Bethesda Chevy Chase became the first school to sweep boys and girls varsity AND junior varsity races since the JV classification split into four races in 2009. B-CC's boys won the varsity race with 66 point and its girls won with 63 points.

Dimitrios Rementelas of Sherwood High School became the third all-time sophomore boy to win the county title. Rementelas set the sophomore course record at 15:32.0 and tied #4 in course history regardless of grade level. Twin brother Ioannis Rementelas made the Sherwood duo the first male twins to finish first and second at the county championship meet. Two female pairs had done it previously: Halsey and Ashlyn Sinclair of Montgomery Blair in 2003, and Lucinda and Claudin Hull of Quince Orchard in 1998.

Madeline Quirion's 18:30.0 performance was #12 in course history as she became the first individual county champion from Sherwood High School.

Montgomery County Championship Meet

Summary of
Champions
1977-2024

Girls - MCPS Cross Country Individual County Champions

Year	Individual Champion	Individual Champ's School	Time	Distance	Margin of Victory	Site
